Download Version 2.1, published February, 2007

Prices and other information in this version have been **UPDATED** since our printed "Catalog No. 7" was published in April, 2005.

- This file is only a part of our larger catalog which is available in its entirety by mail. Therefore the text may contain references to other pages that are not necessarily included in this document. If you would like to know more information about these references, please call.
- As always, **prices are subject to change without notice.** Prices shown in this document, while as accurate as possible at the time of publication, are not guaranteed. Though we strive to keep our prices fair, reasonable – and whenever possible – stable, currently fluctuating currency markets have made the costs of imported goods more volatile than usual. To avoid surprises, please make sure to confirm prices each time you order.
- A reminder: please be sure to read the **Guide to Abbreviations, Symbols, and Terminology** on the first page of each Parts Section of the catalog. It is important to understand how the part descriptions are written to avoid mistakes when ordering.

Ordering Information • Terms and Conditions

THE EASIEST WAY to place an order is to FAX it using the included form (last page). Or call our toll-free order line from 9:00AM to 6:00PM Monday through Friday, 9:00AM to 4:00PM on Saturday. ONLINE orders can be placed anytime. We make every effort to ship *all* orders the same day they are received, however FAX and phone orders tend to get priority.

There is NO MINIMUM ORDER at Bob's!

Please: If you have technical questions, or some inquiry that will require research or lengthy discussion, be courteous to our other customers by calling on our regular parts line: 301-497-8949.

We will gladly attempt to provide answers and solve problems but we simply cannot tie up our order line to do this. We greatly appreciate your cooperation.

SHIPPING ...now EASIER than before!

Our streamlined shipping system gives you more immediate and precise shipping price info, and remains economical despite ever-increasing costs.

We ship by **UPS Ground** in the continental US unless you request otherwise. The shipping charges you pay are based on the dollar amount of your total purchase. This chart shows how basic shipping and handling charges are calculated.

Customer's Total Purchase Amount:	Standard Charge for Shipping & Handling:
up to \$35.00	\$6.95
\$35.01 - \$65.00	7.95
\$65.01-\$110.00	8.95
\$110.01-\$175.00	9.95
\$175.01-\$275.00	10.95
\$275.01-\$400.00	12.95
\$400.01-\$600.00	15.95
\$600.01 - and up	17.95

NOTE! Where applicable, there are **additional charges** for common items that incur extra shipping costs because they are overweight, oversize, or require special handling. Examples of these are: batteries, tires, touring windshields, cases of oil, saddlebag sets, large bodywork, exhaust systems, and so on. These preset additional charges range from \$4 to \$16. To see a complete breakdown of these charges visit our web site, and in the menu under *Parts/Accessories*, click on *Ordering and Shipping*. Or just call and ask for the information.

Other shipping options for domestic orders are available upon request. These include air-expedited services such as UPS Red Label (next day), UPS Blue Label (2nd day), UPS 3-Day Select, Federal Express, as well as US Parcel Post and several common carriers for oversize shipments sent domestically. Shipping cost is based on the weight and dimension of the package. To that we add a modest fee for materials and handling (\$3.00 or less, in most cases). When you request one of the shipping services above we will provide a realistic estimate of your total shipping cost. If you need an exact quote, please ask.

International: Canadian and some other international orders are sent by Air Parcel Post unless requested otherwise. We use US Postal Service for most other international shipments, however other methods are also available. We make every effort to choose the most reliable and cost efficient carrier to the various countries we serve. In all cases, customs and brokerage fees are the responsibility of the customer.

PAYMENT To ensure prompt shipment, we recommend paying by credit card. We accept Visa, Mastercard, American Express, and Discover. When mailing or faxing an order, please remember to include a home AND daytime phone number, your credit card number and the expiration date. Mail orders may also be pre-paid by money order or certified check. Orders sent with personal checks will not be shipped until the check clears, which may take up to ten days. We therefore discourage the use of personal checks as it slows down our service to you.

COD ORDERS We will ship orders COD, but payment must be made with certified check or money order. Cash or personal checks will NOT be accepted! Dealers may pay with a company check but must obtain prior approval. There is an additional charge of **\$6.00** on all COD orders. If you refuse a COD order, you will be responsible for all shipping charges, and no further orders will be allowed until those charges are paid.

DAMAGED GOODS All merchandise is in good condition when it leaves Bob's. When you receive a package, open it and inspect the contents immediately. Be sure to save all packing materials. If a part is lost (box broken open) or damaged in transit, you should immediately notify us. Do not return the part until you

have contacted us first, as this would make it impossible to collect on a claim from the carrier. All merchandise is shipped insured for full value* and the responsibility for proper delivery is upon the carrier. We will work with you and the carrier to make sure that any problem is resolved as quickly as possible. Call our parts department at 301-497-8949, extension 504.

* If US Mail orders are shipped uninsured, either at your request or because insurance is unavailable, you must bear all responsibility for loss or damage.

MONEY BACK GUARANTEE

We are confident that you will be happy with every purchase you make from Bob's BMW. If, for any reason, you are not 100% satisfied with any of our products, please contact us right away. You may return merchandise, provided it is unused and in original condition, within 30 days from the date of invoice for a full refund of the purchase price.

IF YOU NEED TO MAKE A RETURN:

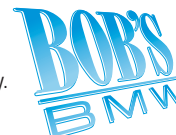

Simply contact one of our parts department staff at 301-497-8949, ext. 504 for a return authorization.

COD returns will NOT be accepted.

Returns **MUST** be accompanied by a copy of the invoice and must be returned in original packaging. (We mean the manufacturer's packaging, if applicable, not the original shipping carton.) Electrical items, bearings, books, special ordered, or custom made items are not returnable with the exception of damaged or defective merchandise, which will be replaced. Returns after 30 days are subject to a restocking fee of 15% or \$5.00 whichever is greater. All return shipping costs are the responsibility of the customer except in the case of defective merchandise or an error on our part.

46 54 9 016 152R PAIR \$439.00

If you rode a BMW in the 70s and early 80s you probably had bags like these on your bike. **Hepco & Becker** made them then and now. Stainless Upgrades

Shock Covers for IKON & Koni K4032 Pair \$74.95

Made in the U.K.

To install the cover the shock must be disassembled using a special tool. If you don't have access to the tool, you can send your shocks to us for installation, or order new IKONs from us with the covers pre-installed.

Stainless Fastener Kits each \$199.95

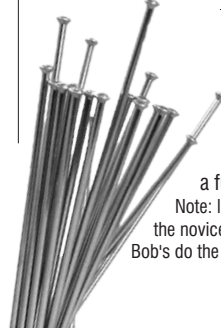

- 07 05999A** for /5 (70-73)
- 07 05998A** for /6 (74-76)
- 07 05998B** for /7 (77-80)

Each kit has it ALL; you get hundreds of pieces. Not just the standard stuff — there's also the special use fasteners like cap nuts, beveled washers, shouldered bolts, etc. — all with correct dimensions and configurations. Just like originals ... except NO MORE RUST!

Stainless Spoke Kits each \$82.95

First Class Seating!

Restore the classic looks of your Air-Head with one of our reproduction seats from Germany. Costing much less than original BMW replacement seats (which we also stock, of course), these quality replicas are an excellent value. The steel seat pans are formed like the originals and fitted with correctly shaped foam that's not too soft, not too firm ...it's just right. The strong vinyl covers have a pattern and grain that's as close to the original as you'll find anywhere. Correct edge trim and chrome grab rails are included where appropriate, and each seat comes with attached hinges and adjustable locking post. All you need to do is set the hinges in place, adjust the length of the post to work in your latch and you're ready to ride with pride.

- 1970-71: Short Wheel Base, all models ... **5253198 \$309.95**
Smooth cover with grab strap, both with white welt. Left and right separate chrome handles.
- 1971-73: Short Wheel Base, all models ... **5253197 309.95**
Ribbed cover (lengthwise front to back) white welt. Single wrap-around chrome grab rail.
- 1973-74: Long Wheel Base R75/5, all /6 models ... **5253960 309.95**
Late /5 and early /6 bench seat, ribbed cover (lengthwise front to back) white welt. Single wrap-around chrome grab rail.
- 1974: R90S ... **5253090 274.95**
Smooth cover with perimeter pattern. Attaches to stock painted metal seat-surround (cowl) with included screws. Seat pan holes are not pre-drilled. Simply line up seat pan to your cowl and drill the holes yourself for a perfect match.
- 1975-76: R60/6, R75/6, R90/6 ... **5253961 309.95**
Ribbed cover (side to side) and black welt. Single wrap-around chrome grab rail.
- 1977-80: R60/7, R75/7, R80/7, R100/7 ... **5253832 309.95**
Ribbed cover (side to side) black welt. Single wrap-around chrome grab rail.
- 1975-84: R90S, R80RT, all R100 models with cowl ... **5253834 274.95**
For seats with attached painted seat-surround (cowl). Vinyl has characteristic side to side rib pattern. Attaches to stock cowl with included screws. Seat pan holes are not pre-drilled. Simply line up seat pan to your cowl and drill the holes yourself for a perfect match.

Note, the two "S" seat styles above are physically interchangeable. The vinyl pattern on the cover is the only difference. Some seats on 1984 models had a slightly different shape (the foam only, not the pan) and a mostly smooth vinyl pattern. There is no replica of that seat available, but seat #5253834 will still fit the bike and cowl perfectly and be considered basically correct.

Ask about our selection of USED seats! Or...if you don't need a complete seat, we have everything you need to RE-COVER and restore your stock seat. Look in the Seat section of Air-Heads Parts.

What? You're still using BMW "rubber bands" to hold on your expensive 1970-84 battery sidecovers? As 20th century inventions go, this one certainly ranks up there with the small pox vaccine, the jet engine, the silicon chip, and the Ginsu knife. Get one of these and never again worry about losing a valuable sidecover!
