

# FREE the PRISONERS

Is there a captive motorcycle in need of attention in a dingy, dark corner of your garage or basement?

Is it a bike you've been planning to fix up but never seem to get started on? Has procrastination taken over? "I'll get to it someday," you regularly tell yourself.

Well that day is today! Past charges of neglect will NOT be judged at Bob's. We want to help your bike see the light of day again, with YOU\* as its proud rider!

At Bob's state-of-the-art facility the best-trained Techs and Master Techs, certified by BMW, have gained their expertise from decades of experience working on classic and vintage BMWs. They are supported by the nation's most thoroughly stocked parts department so you can be sure that your BMW will be brought back to life accurately and reliably.

And you will receive the utmost care during this process as well; you just won't find better service anywhere, at any price.

So bring us your prisoner: any year or model BMW back to 1950, for any level of rehabilitation — from a full Concours restoration to just a return to road-worthiness. We'll work with you and your budget.

## Bob's makes it happen.

\*Just want it gone? Bob's can still help. Just fill out the Sell Your Bike form.
