

## Ride & Camp 2017

Come ride with us in the mountains of West Virginia! Do you have an adventure bike and ride it on gravel roads? Do you have an adventure bike and want to ride it off pavement? Then this weekend is for you. **BOB'S BMW**, **KLIM** and **Zacker ADVENTURES** are teaming up to get you out for a true "Unfiltered Experience".

**When: June 23-25, 2017 | Where: Franklin, WV**

**One month before the event**, we will schedule a day to meet at Bob's for pizza and to review the itinerary and discuss details like riding gear, tires, and bike protection.

**On Friday, June 23**, we will meet up at Bob's for a rider meeting and lunch, and then head through the mountains of West Virginia to Zacker Adventures Riding Facility where you will have professional off-road rider training.

**Saturday**, will be a mix of training and adventure riding on forest roads and gravel roads.

**Sunday**, you will get to show off your skills with a refresher of the skills you learned the day before and a skills competition. After lunch and an awards ceremony, you will ride home.

**Each night** will wrap up with campfire discussions of your day. We occasionally have world travelers stop by to discuss their trips. All meals are included and cabins are available on first come first serve basis.
